Personnel Responsible for the Management of the Facilities

General Manager	246-1023
Administrative Assistant	246-1028
Activities Director	246-1002
Cimarron Sports Center Manager	246-1040

Use and Scheduling of Any Facility

The Activities Director for the HOA reserves space for special activities or events in all of the Facilities with the exclusion of the Wildhorse Golf Course, activities within the Wildhorse Grill that are not part of the Board Room or the Lounge, and sports activities at the Cimarron Sports Center. (The Food and Beverage Manager of the Wildhorse Grill schedules activities at the Wildhorse Grill; the Cimarron Sports Center manager schedules sports activities at the Cimarron Sports Center.) The Activities Director also schedules space for repeating activities such as club meetings and classes. The following information details how the activities are scheduled, any fees that might be associated with an activity, the priority established for each group that wishes to schedule space, and any restrictions that limit the right to schedule space.

- A. The organization or individual scheduling an event with the HOA will be responsible for any damages that occur during that event.
- B. Residents and their guests or individuals who rent space in the facility for an event may not bring home-prepared food, alcoholic beverages, or outside caterers without the consent of the HOA board or its designee.
- C. The HOA board, Committees of the Board and clubs chartered in accordance with Article IX of the Rules & Regulations may use the facilities for their meetings, parties and social events with no assessment for room rental. Clean-up or set-up fees may be charged if deemed appropriate by the Board or its designee. Fees may be charged if additional staffing or special equipment is required to accommodate an event.
- D. Chartered clubs may allow non-resident participants to attend their activities as long as it is clear that it is not a method of circumventing charter regulations on membership restrictions.
- E. Chartered and non-chartered clubs may invite guest speakers to their regularly scheduled meetings, with the prior approval of the speaker by the HOA or its designee and the speaker’s signature on the Guest Speaker’s Agreement available from the HOA office, which limits the activities of the speaker.

- F. The outdoor pool will remain open to Residents and their guests during events scheduled at the outdoor pool, with the exception of events sponsored by the HOA. Residents, Committees, and clubs may arrange for food and bar services provided by the HOA during special events. The food and bar service would only be available to those attending the special event.
- G. Instructors for classes for Residents only may reserve space in the facilities after approval by the Board or its designee on a case-by-case basis. The instructor may be assessed a use fee, which includes room rental, set-up and clean-up fees. The instructor shall be required to sign a contract (Instructor Registration Permit and Waiver) with the HOA prior to any class being held.
- H. Instructors for classes for Residents and non-residents may reserve space and will be assessed a use fee, which includes room rental, set-up and clean-up fees if deemed appropriate by the Board or its designee. The instructor shall be required to sign a contract (Instructor Registration Permit and Waiver) with the HOA prior to any class being held.
- I. Resident functions require the approval of the HOA and will be assessed set-up and clean-up fees if deemed appropriate by the Board or its designee. A Resident Facilities Use Form must be signed, specifying costs and responsibilities, when the reservation is made.
- J. Non-residents may schedule activities which must be approved by the Board or its designee and will be assessed a use fee, which includes room rental, set-up and clean-up fees, and any other associated fees, deemed necessary by the Board or its designee. A non-resident contract must be signed when the reservation is made.
- K. Unless otherwise determined by the Board or its designee, events shall be accommodated in the following order of priority. Within this order of priority, groups meeting weekly will have priority over groups meeting less often.
 - a. Events scheduled by the Board or its designee, including but not limited to weddings, receptions, golf outings, and banquets
 - b. HOA Board meetings and official HOA Committee meetings
 - c. Events and special meetings sponsored by the HOA Board
 - d. Chartered clubs meeting at least nine times a year with an average attendance of 10 members, computed on an annual basis
 - e. Individual Resident functions
 - f. Non-chartered clubs meeting at least nine times a year with an average attendance of 10 members, computed on an annual basis
 - g. Instructional activities for Residents, with an average attendance of 10 students, computed over the term of the course
 - h. Resident and non-resident fundraising events
- L. Chartered clubs, non-chartered clubs, or groups can request only one meeting per week until all other groups have been accommodated
- M. The HOA Board or its designee reserves the right to move a meeting or event to another time or location, if available. Revenue-generating events for the HOA will have precedence over non-revenue generating events.

An annual scheduling meeting will occur in the fall at which clubs, Committees, classes, or individuals who wish to book space in the facilities will submit their requests for the following year (January 1 to December 31). After the initial schedule is complete, any additional dates that are desired for that year may be requested by contacting the Activities Director. The following provides details on the scheduling of ongoing activities.

- A. Chartered clubs that meet and maintain attendance requirements and required criteria will be approved for the same days and times annually, but the location of the room cannot be guaranteed.
- B. Both chartered and non-chartered clubs with less than the required participation cannot be granted permanent space on an annual basis within the facilities. Instructor-led classes with less than the required participation and small groups may be required to share a room with others engaged in similar activities. If the efficacy of the instruction or club activity or if safety is compromised, then this requirement on size may be waived by the HOA board or its designee.
- C. Recurring events/meetings are scheduled on an annual basis. Any exceptions to scheduling an event beyond the calendar year will be requested in writing and approved by the Board or its designee.
- D. If the requesting club or group does not need a reserved space, a club officer or responsible party must notify the Activities Director 24 hours prior to the scheduled time. If the notice is not given, the remaining booked dates may be cancelled.
